

## Remote access involves the following elements:

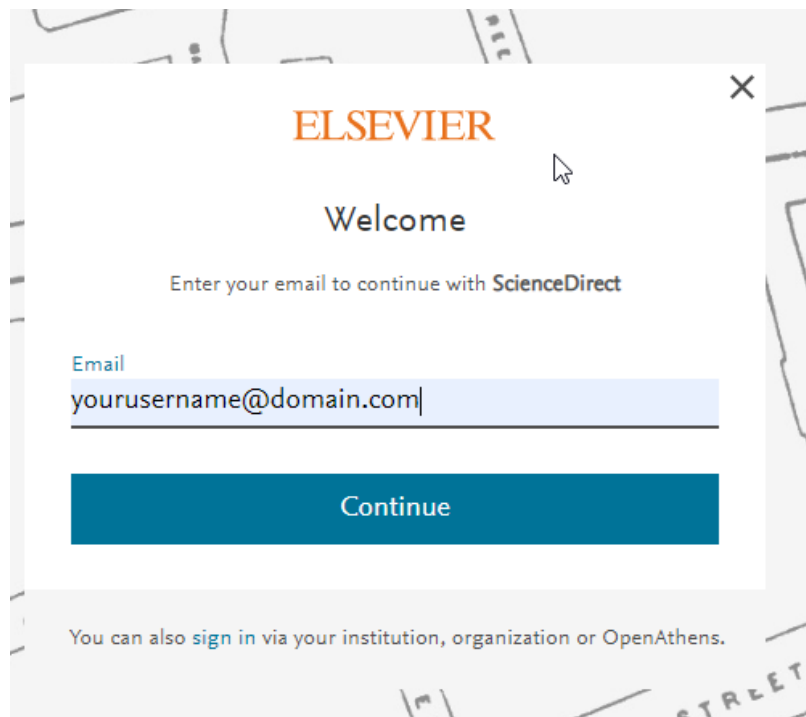

1. Creation of User profile (if you do not already have one)
2. Activating remote access (assuming your administrator allows remote access via email domain)
3. Confirm that you belong to an institution

### 1) Create a user profile (if you already have a user profile please skip to step 2.)

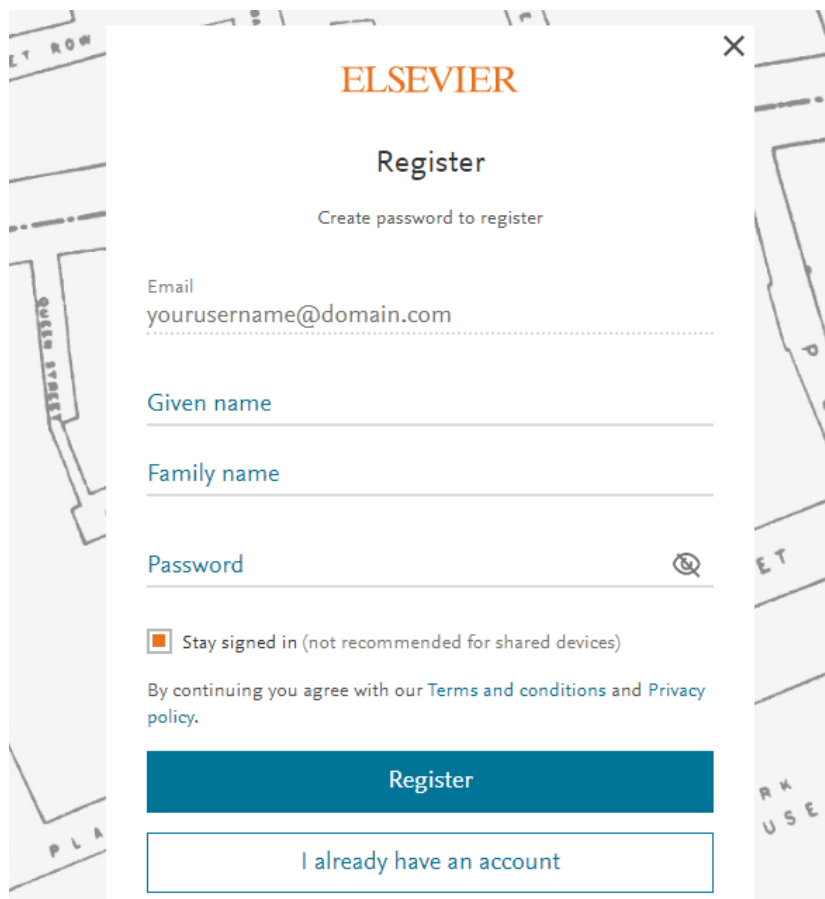

- a) Open the ScienceDirect website [www.sciencedirect.com](http://www.sciencedirect.com)
- b) Click Register (top right)

### c) Enter your email address

### d) Enter details required and then click Create.

A screenshot of the Elsevier registration form. The form is titled "ELSEVIER" in orange and "Register" in black. Below the title, it says "Create password to register". The form includes fields for "Email" (with the placeholder "yourusername@domain.com"), "Given name", "Family name", and "Password" (with a toggle icon). There is a checkbox for "Stay signed in (not recommended for shared devices)". Below the checkbox, it says "By continuing you agree with our Terms and conditions and Privacy policy." At the bottom, there are two buttons: a blue "Register" button and a white "I already have an account" button.

I already have an account

## 2) Activate your remote access

- Open the activate access page by clicking [www.sciencedirect.com/science/activateaccess](http://www.sciencedirect.com/science/activateaccess)
- Enter your institution or company e-mail address and click continue.

A screenshot of the Elsevier "Activate access" form. The form is titled "ELSEVIER" in orange and "Enter your institutional email" in black. Below the title, there is a building icon and the text "My Institution Name". The form includes a field for "Institutional email" (with the placeholder "My\_username@institution.domain.com"). At the bottom, there are two buttons: a blue "Continue" button and a white "Try another institution" button.

ELSEVIER

## Enter your institutional email

My Institution Name

Institutional email  
My\_username@institution.domain.com

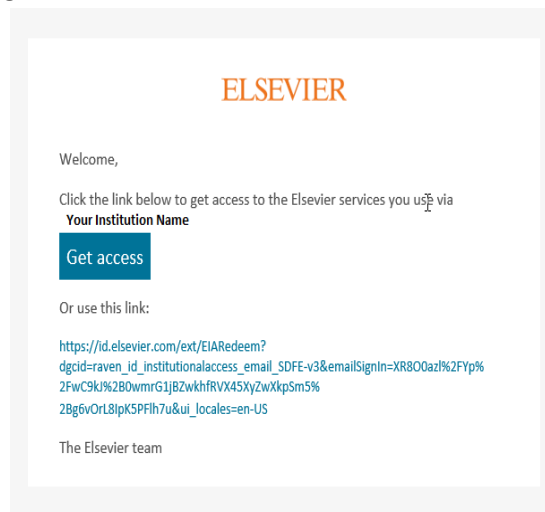

Continue

Try another institution

- If your institution is setup for remote access, an email will be sent for you to confirm that you belong to the institution.

3) Open the email and click the link to gain remote access.

4) **You will now be able to access ScienceDirect from any device, anywhere.** Just open your browser, go to [www.sciencedirect.com](http://www.sciencedirect.com) and login with your e-mail address and password.

Note: If your institution is not set up for remote access via email domain, please speak with your Administrator.
